ALDERSON, W. VA.

JUNE 1, 1922

No. 1

A MESSAGE FROM THE PRESIDENT

"Lafayette, we are here" expressed the sentiment of the American people as to their readiness to pay in sacrificial service their debt of gratitude. Many volunteered, some waited to be drafted, while a few were found to be slackers. With the challenge of new buildings and many improvements in the courses of study, student welfare and administration, the year 1921-1922 sends forth its clarion call.

Our predominating motive is to provide a Christian school where young men and women may be trained for Christian leadership. The indifference on the part of some to such an ideal has convinced us more than ever of the need of putting

into practice the spirit and expressed will of Christ in regard to Christian education.

We wish to express our unstinted praise for the signs of development among our students in things most worth while. There have been signs of chaff, but this bears testimony to the winnowing process.

The dawn of a new day is before us. With expectant faces and growing faith let us greet and help make old A. B. A. win new laurels and become more than ever before an institution which shall bring out the best that there is in every student and a place where Christ delights to dwell.

M. F. Forbell.

VIEW OF THE MAIN BUILDING

MISS FRANCES P. GREENOUGH.

Miss Frances P. Greenough, Student Secretary of the Board of Education of the Northern Baptist Convention, has just been to visit our school. Miss Greenough's work is to visit the schools and to encourage the students to go on with their education and to inspire higher ideals, especially ideals of Christian service.

During her short stay with us she was kept busy. She spoke in the Chapel services Wednesday morning, to the Y. M. C. A. in the afternoon, to the Y. W. C. A. in the weekly meeting Wednes-

day evening besides other group meetings and private talks with the girls.

These talks were all very helpful and inspiring and we all feel that we have received much good from them and that we will put forth a greater effort than ever before to do something worth while by living a life of sacrificial service.

We believe in the work she is doing and believe the opportunity is great to inspire students to live "the worth while life."

Miss Greenough is from New York and since this was her first visit into "The West Virginia Hills" they were real scenery to her.

Come again Miss Greenough.

BLUE AND GOLD GRIDDERS HAVE GREAT SEASON.

The foot ball season of '21 will go down in the history of old A. B. A. as one of the greatest, especially when we take into consideration the fact that foot ball is comparatively young in the Academy, having had its beginning in 1919

The team played off a schedule of nine games, winning seven, tying one, and losing one. The record for the season is as follows:

A. B. A.	7	Ronceverte	0
A. B. A.	14	Beckley	7
A. B. A.	7	Covington	7
A. B. A.	0	Ronceverte	7
A. B. A.	35	Concord State Normal	0
A. B. A.	20	Marlington	3
A. B. A.	49	Alderson High	0
A. B. A.	14	Ronceverte	0
A. B. A.	35	Alleghaney Coll. Institute	0

The following men received their letters at the close of the season: Capt. Asbury, Bullington, Hodges, Poe, Thurmond, Shawver, Lee, Graham, Laban Gwinn, Midkiff, Cooke, and Leonard Gwinn.

The work of the line throughout the entire season will long be remembered. Time and again opponents came within a yard of the last white line, and each time this great line stood like a stone wall. Graham and Lee at the end positions put up a great game, and were a constant worry to their opponents.

The back field made up of men of ability to buck the line, skirted the ends for long consistent gains and executed effectively hobbling trick plays that had a great deal to do with bringing home the "bacon." Thurmond the fleet footed half, is not expected to return for the season, however Capt. Bullington will be back at full, with Asbury at quarter. These warriors will play their third season beginning in Sept, if nothing happens to prevent their return to school. Hodge will in all probability report for half again next fall, which means hard work for any man who goes against him. Shawver will also be a candidate for the halfback position again next year, and this lad is sure to cause some one to worry.

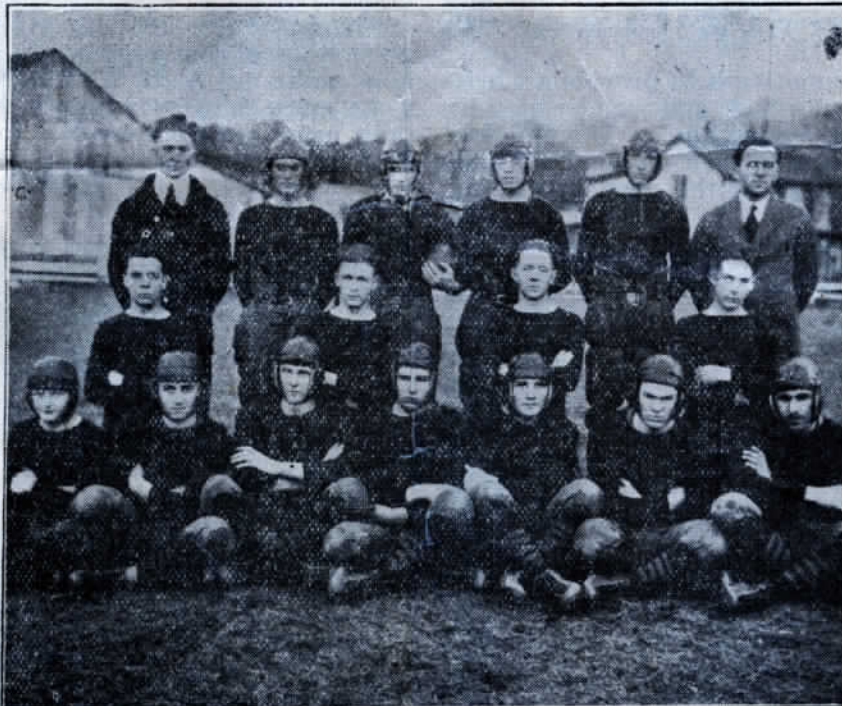

FOOTBALL SEASON OF 1922 EXPECTED TO SURPASS ALL OTHERS.

The success of the 1921 football schedule has inspired us to undertake greater achievements for the coming school year. This inspiration has not

come from football alone, but from every other branch of athletics as well. We shall deal with the "Football outlook" in a special manner at this time, however, because students entering school in September have an opportunity to become candidates for the football squad. It is our desire, therefore, that every young man who is now, or may later plan to enter school, and who is interested in athletics, may know just what we are planning in the way of advanced physical development. The schedule for 1922 is by far the toughest card the Blue and Gold has ever undertaken. We believe, however, that if we are really going to grow in our athletic undertakings we must reach out, and open athletic relations with schools of the first rank. We must have succeeded in doing just that for the coming year, and we believe that each year will mark an improvement in this con-game with Marshall. In fact we hope it is to

FIRST TRAINING CAMP TO BE HELD

The coming football season will open with Marshall College at Huntington, W. Va., on Sept. 23rd, and as school does not open until the 13th of Sept., giving only about eight days to whip the football team into shape, it has been thought wise to invite the football men to return ten days before the opening of school and begin training at once. The object of the training camp is not merely to prepare the men for the opening

game with Marshall. In fact we hope it is to accomplish very much more. It is the aim of those in charge, to bring the men face to face with the real vital things of life. The daily schedule has not been definitely worked out as yet, however this will be done in the near future, and the men expected to attend the camp will receive a copy of the daily schedule. Plans are now being made to take care of at least twenty-five men in the camp and since the number is limited it will be necessary to choose the men who will most likely bear the brunt of the burden throughout the season. The following letter men are expected to report for duty, on or near September first, Capt. Bullington, Hodges, Asbury, Shawver, Lee, Graham, Cooke, Laban Gwinn, Poe, Midkiff, Leonard Gwinn. In all probability quite a number of the following men, who have worked faithfully, will be invited to return; Pearce, Bruffey, Smith, McClung, Withrow, Meadows, Reynolds, Johnston, Dillon, Hill, Granes, Farley and others.

The local High School will no doubt be represented by the following men, F. Hodges the heady little quarterback, and all around athlete, Lobbin, better known as "Brick Top," who plays a great game at half, and end. Dunbar a dependable end man and Copeland, a shifty little halfback. Hinton High will also have a representative together with Beckley High, and a number of others.

There are two open dates on the schedule that have not been filled as yet, however, it is hoped that these dates may be closed within the next few days, or weeks at least. The schedule as arranged to date, is as follows:

- Sept. 23. Marshall College, at Huntington.
- Sept. 30. Open.
- Oct. 7. Pending.
- Oct. 14. Bluefield College, at Bluefield, W. Va.
- Oct. 21. Shenandoah Collegiate Institute, here.
- Oct. 28. Broadus College at Philippi, W. Va.
- Nov. 4. Concord State Normal, here.
- Nov. 11. Covington High, at Covington, Va.
- Nov. 18. New

River State School here.

Nov. 30. Staunton Deaf and Dumb School, here.

GREAT BASKET BALL SEASON

The Basket Ball season was also a great triumph for the Blue and Gold. The team made up of Captain Thurmond, Hodge, Lee, Bullington, Jones, Moran, Asbury, and Withrow, played a stiff schedule. The Academy basket shooters engaged in fourteen contests, winning ten and dropping four. Many good teams went down in defeat, before one of the fastest teams ever developed in the Academy. The list of teams defeated includes the following; Marshall College, Mt. Hope Y. M. C. A., Beckley American Legion, two games, Oak Hill High, two games, Ronceverte, Alderson High two games. The Blue and Gold tossers went down before Marshall College and Ronceverte in a return game; and two games were dropped to the New River State School outfit. Only one point stood between the two teams in each of these games. The season was brought to a close early in March, and the following men were called to the Chapel platform by Athletic Director Louthan: Captain Thurmond, Hodges, Lee, Moran, Bullington, and Asbury. He commended them for their success and the wonderful spirit of true sportsmanship maintained throughout the entire season. After Mr. Louthan had finished speaking, Miss Nelson came forward and pinned a beautiful gold Basket Ball on each man.

The trophies were given by members of the Faculty, together with a number of fans from town.

GOOD SEASON EXPECTED IN 1922-23.

The coming season is expected to be a great season. The schedule includes such schools as Bridgewater College, and many others of equal rank. The following letter men are expected to return for the coming season. Hodges, Lee, Bullington, and Asbury. A number of good Basket Ball men from the local High School are also expected to report, including: F. Hodges, Labban, Dunbar and perhaps Copeland.

There are also quite a number of men from other High Schools expected to report for duty, when the call is issued.

WHO'S WHO IN ATHLETICS FOR '22.

Officers Athletic Association: Leonard Gwinn, President; Roy Damron, Vice Pres.; Clarence Bruffley, Sec. Treas.

Football.

J. B. Bullington, Captain; Russell R. Asbury, Manager.

Basketball.

Russell R. Asbury, Captain; J. B. Bullington, Manager.

Baseball officers to be chosen at a later date.

GIRLS HAVE GOOD SEASON

The Girls' Basket Ball Team has also had a great deal to do with the success of the athletic year. The girls were a little late

starting, because of conditions which could not be prevented; but once started they made up for lost time. The team piled up a score of 84 against their opponents 49, in the five games played. The games were played as follows:

March 2	A. B. A.	11	Alderson High	6
March 10	A. B. A.	17	Alderson High	6
March 18	A. B. A.	16	Lewisburg Sem.	10
March 25	A. B. A.	17	Lewisburg Sem.	19
April 1	A. B. A.	23	Hinton Selects	8

The line-up was as follows:—

Zella Moore, Captain,	Center and Forward
Shumate,	Forward
Huffman,	Center and Forward
Hunt	Forward
Georgie Moore	Guard
Holland	Guard
Subs.	
Lemons	Forward

For a long time we have realized the need of a school paper but we never attempted to publish one until now. So far we have been very successful and the students have been laboring very faithfully in gathering material for publication. The faculty has taken a great interest in our work after seeing that we really meant to do our best.

This has already gained prominence in town and among the students but we hope that soon many people who are interested in the school will be regular subscribers. The parents will find it very interesting to read articles written by their own children in school. The A. B. A. can be advertised through this paper in a very beneficial way for this small paper will reach the hands of many young people who would probably never get hold of a regular school catalogue.

Students have a chance to write a poem, a theme, or some other literary production. This kind of an opportunity always leads to better work for all students are careful to write their best especially when their articles will appear before the public.

It will constantly be the aim of this student publication to hold the good of the school and students in mind in any of its undertakings.

We plan to use the paper always to help attain the highest ideals of the school.

G. O. H.

—OO—

Realizing the fact that the student body as a whole must have a work in which all have a common interest and which will bind the students together and develop a real school spirit, a movement has recently been started which is going to prove to be one of the greatest steps the students of A. B. A. have ever taken.

We have had several associations and organizations for the boys and girls separately. Such as the Athletic Association, the Literary Societies; and added to these this year the Camp Fire, the Y. M. and Y. W. C. A., but nothing in which everyone had a common share.

So some of the real thinkers of our school—who are intensely interested in the general welfare of the school—originated, worked out, and started

going the Student Association.

The predominating idea of this Association is to create and develop a school spirit which cannot be shaken and which will be a great help to each individual student and the school itself. This organization is going to be a solution for some of our most perplexing problems. Through it will be arranged joint meetings of the boys and girl's organizations thereby simplifying the social problem. The Y. M. and Y. W. have already shown how much they can accomplish separately, but how much more they can accomplish when working together and with the co-operation of every student.

So we see that The Student Association has unlimited power for the good of the school. May each individual do his part to make the student body what it should be.

H. S.

—OO—

The ideals of our school are high and each individual student is urged to uphold these ideals.

One way we try to do this is by "Doing unto others as we would have others do unto us." When a new student comes in the fall an old one tries to make him feel at home, because we try to make our school just like a big home. We are interested in each other and do not like to see one of our number in any unnecessary difficulty.

If we can help our school-mates to build a higher and nobler character we know the parents will not be afraid to send their girls and boys here. We realize the company we keep can make or mar our characters. What can be better than having an unselfish spirit and showing it by helping some one else?

M. S.

—o—

IDEALS OF ALDERSON BAPTIST ACADEMY

The Alderson Baptist Academy has been advertised as the "School that is Different." We have wondered sometimes if people know what is meant. The object of this paper is to try to make that clear. We do not claim to be different in our intellectual ideal. We are trying to have a school inferior to none in that line, but we do not claim any superiority there. We do not claim to be different in our physical ideal. We do believe in fostering clean athletics, and physical culture, but other schools believe in it just as much. Without any attempt to discredit other schools, or to reflect on past ideals, we believe God would lead Alderson Baptist Academy into a distinctive field, with a different religious ideal from the average denominational school.

We consider the matter of first importance to be the salvation of our students. If a student passes through our school without being born again, we consider that we have failed with that student. The question we ask our hearts is: What doth it profit a man if he shall gain a knowledge of mathematce, history, language, science, and all other things of human knowledge, and lose his own soul, by failure to know God "whom to know a-right is life eternal"? To that end we desire to secure teachers who can, not only teach their subjects, but who are real Christians, and feel a responsibility for the salvation of the students. We

seek, also, to enlist the interest of the Christian students, so that teachers and students working and praying together may create such a spiritual atmosphere that it becomes easy to yield the heart to Christ.

After the salvation of our students, we seek to place in their hands the key to success. Success with us is not fame or fortune, but service. He reaches the greatest success who serves the best. Now, we do not believe that anyone has a right to choose the field of service for ones' self. Only God has a right to make that choice. So the key to success, which we desire to present to every student, is the knowledge that a life dedicated to God, and which has found its place in the Will of God, cannot fail. To that end, life-service conferences and meetings are held, praying that God will make it plain to every life.

The third task of our school we believe to be the training for Christian service. In addition to physical and intellectual training, we hold the most important thing of all, and that which is fundamental, to be the study of God's Word. A synthetic Bible Course runs through the high school course, and Bible study continues through our junior college course. This is required of all. We raise no question of the Bible's authority, but accept it at its face value, and seek to master its messages. We consider any course deficient that does not include a study of the greatest of all studies. In addition to the study of the Bible, a course in religious education is being offered. Courses in Missions, Church history, evangelism, doctrine, and other courses needed in a practical training, are being planned. Our plan, then, is to gather around the Bible course all practical course necessary for the training of efficient workers in the Master's vineyard.

To these ideals we have dedicated everything that we have, and call upon all who believe with us to join with us in prayer and effort that we might attain unto the ideal which God has planted in our hearts. Believing that we have received a heavenly vision, we are trying hard to be able to say with Paul: "I was not disobedient unto the heavenly vision." Our attitude is also voiced by the great apostle. "Not as though I had already attained, either were already perfect: but I followed after, if that I may apprehend that for which also I am apprehended of Christ Jesus. Brethren I count not myself to have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

T. H. Binford,

Dean of Biblical Department.

Y. M. C. A.

Through the efforts of the young men of A. B. A. a Y. M. C. A. organization has recently been perfected.

For a long time our school has felt the need of a christian organization among the boys. After the question of the proposed organization had been fully discussed, an invitation was sent to Mr. W. J. Jones, general Secretary of the Y. M. C. A. of West Virginia University, to come and assist in the

organization of our Y. Mr. Jones came April the twenty seventh. He proved to be a man of wide experience in Y. M. C. A. work. In a very graphic way he presented the advantages and possibilities of such an organization.

With his assistance a cabinet was soon formed, the following officers being elected:

Roy B. Damron, President.
Ernest H. Midkiff, 1st Vice President.
D. L. Pennington, 2nd Vice President.
Edward Hodges, Secretary.
Leonard Gwinn, Treasurer.
Prof. E. M. Tomlinson, Faculty Adviser.

Our Y. is now well under way and we have bright prospects for the future. Among the many things planned for the coming year are: new student work, religious education, community and campus service. We also expect to send representatives to the summer conference at Blairstown, N. J.

Our aim is to have all organization one hundred per cent in efficiency, which will tend to develop the social as well as the religious side of life. The old students will be glad to get back into the Y. next fall, and new students will be given especial help and attention.

—oo—
Y. W. C. A.

The girls of our school saw the need of a spiritual organization just for girls, and the best one fitted for our needs, as we saw it, was the Y. W. C. A., which was started in February.

This organization has meant a great deal to our girls, and also to the school.

We wanted a room to call our own where we could spend our leisure time and enjoy a rest from our own rooms.

Therefore, we earned enough money to fix an attractive room. It is just like a nice big sitting room of a home.

Then the Y. W. C. A. social committee plans a social once a month.

The spiritual side is no less important than the practical. In our weekly meeting there is always the worship period, and besides some evenings are given entirely to spiritual development. Prayer groups have been organized and we attribute the success of winning all, but a very few of our girls for Christ, to the influence of these prayer groups.

This is only the beginning of great things which we hope to do next year. Two of our girls are going to attend the Eagle's Mere Conference in June, where they will gather information and enthusiasm for use in our school next fall.

One of the largest plans we have for next fall is the "Big Sister Idea." A list of the prospective girl students will be handed to the Y. W. C. A., and each of the girls will be given one of these names. The girl who has been here and knows all about the school is to write to the girl assigned her this summer, get her more interested in coming to school, and answer any questions. When school opens she must be at the train to meet her "little sister" and help her register, and to get settled in a nice room. Then she must be a sister to her until she becomes acquainted and is at the point where she does not grow homesick anymore.

One of the charming affairs we are looking for-

ward to this fall is the intertaining of a Y. W. C. A. Cabinet Conference. We feel that it is a great honor because it is the first conference of this kind held in this part of the state. There will be about fifty of the finest girls from several different schools such as: Marshall, Morris Harvey, and Lewisburg Seminary. The best of the Y. W. C. A. speakers will be here. It will be a great treat for all girls.

CAMPFIRE.

After the organization of the Na-wa-kah mo-ka Campfire early in the fall we girls enthusiastically started working to earn our honors. We gave two plays and had many outings such as hikes, marsh-mellow roasts, and out door breakfasts.

We are planning for another picnic breakfast after which we shall hold our last ceremonial meeting. There the girls will be awarded many honor beads. Two girls will receive the rank of woodgatherers.

We hope next year to accomplish even more than we have this year.

THE SENIORS' GOODBYE.

Now comes the sad, glad time of our school year—commencement. It is especially so for us Seniors for we will soon leave never to return as students. We are sorry to leave dear old A. B. A. because we have been very happy here, but we will be glad to start out into the world.

The Senior class is a very small one having only six members but everyone knows that it is "quality" not "quantity" that counts.

This year we have had the best time of our whole four years—and we wish we could be seniors every year. We hope the Seniors next year will profit by our experiences and that they will have even a more enjoyable year than we have had, so juniors, here's to you!

GIRLS HAVE GOOD SEASON.

(Continued from page three.)

Hutsenpillar

Guard

Captain Moore played a great game shifting from center to forward. Her ability to shoot goals at the forward position, and to play the floor from the center, made her indispensable. Hunt, the fast little forward, also played a great game at forward. She was always on the job with lots of pep, and her shooting was very largely responsible for the success of the season. Huffman made a good running mate for Moore at Forward and Center, and was always doing her best. Shumate also played a consistent game at the forward position. G. Moore and Holland played a great game at the guard positions, and both were a constant source of worry to the opponents Forwards. Lemons and Hutsenpillar also worked faithfully. It is very probable that every member of the team will be on hand ready to go again next season, and a good schedule will be waiting them. We can see no reason why the girls should not turn out a great Basket Ball team the coming season.

The first person to graduate from Alderson Baptist Academy was Bernard Othella Swope, in the

class of '05. Bernard left Alderson the day after his graduation for Welch, W. Va., to accept a position as clerk in a bank. He is now president of a bank in his home town.

From the class of '06 we have Albert Cephas Crotty who is now the traveling salesman of Woodson Moler Grocery Co. Albert William Crews mine physician and druggist at Thurmond, W. Va.

John Braxton Miller is an attorney of Charlestown, W. Va., and is known for his after dinner speeches.

Ethel Lyons Eastham now the wife of Rev. Mr. Clere of Milton church.

Susan Vandergrift now Mrs. Sam Pollock of Alderson.

Mrs. Elah H. Pugh the accomplished teacher of Piano in A. B. A.

Class '07 The Rowe Brothers, Charles Bewry, Prof. of the, "Virginia Heights Farm and Poultry yards," Harvey Beecher, cashier of First National Bank, Alderson, W. Va., trustee of A. B. A.; Sunday School Supt.; and a friend to everybody.

The class of '09—Chester Paul Heavener has distinguished himself in the last Legislature of W. Va., by his clear thinking logical speaking, fairness and staunch support of the farming interest of his state.

Miss Agnes Johnson doing excellent service in government Child Welfare work, in the leading centers of the country.

Mr. Wm. Miller is the head of the American College of Havana, Cuba.

Stella May Nelson winner of the Bernard Carrol Alderson Scholarship. Mathematics' teacher in A. B. A. and adored as the sponser of the "Wise Sophs."

Of the class of '12 Lucile Mathews Feamater's beautiful voice has been heard in song during the past winter in many of the leading southern cities, where she has made many warm friends. Notably one the Honorable Wm. J. Bryan. Their pictures taken together appeared in the Charleston Gazette recently.

Gertrude Skaggs has proved a popular teacher in the past few years, and has been instrumental in sending some excellent students to her Alma Mater.

Now who says that '13 is unlucky? Of the ten girls' of this class all are happily married except Margearet Eliza Patten who is the very acceptable teacher of the 4th grade in the Alderson Public School.

Dr. Max Miller of the class of '14 is proving a successful rival of his father in dentistry, especially with the young ladies who say, "He is so gentle."

John Marshall Alderson, Jr., is forging to the front, in our town, as a successful business and family man.

Vesper Clarence Seafler was the lone representative of the class of '15 but what this class lacked in quantity was made up in quality. Vesper noted for his studiousness and unwavering loyalty to life's best things. Married Ella Eunice Stephens of '17 and after graduating from the Northern Baptist Seminary of Chicago, Ill., is now the most acceptable pastor in Mason City, Ill.

Mammie Alderson Haynes of the Class of '17 instructor in the department of Domestic Arts and Sciences of her Alma Mater.

: JOKES :

"George what is the lesson about today?"

"Really Miss Smith," replied George, "I can't get my mind on the lesson for that dam roaring up the creek."

Okey S. Generally speaking, women are—

Gladys M: What?

O. S. Generally speaking.

Sophomore: I passed Shakespeare today.

Freshman: Did he speak?

Mary H: Are you going to stay in Dormitory next year?

Erma B: No!

M. H: Why?

E. B: I want to wear my own clothes next year.

Owen R: When is the best time to pick apples?

Charles H: When the farmer is not looking.

J. B: "Only fools are certain, a wise man hesitates."

Russel A: "Are you sure?"

J. B: "Certain."

Sara Blair: "I looked the lesson over today."

Prof. Tomilson: "You mean you over looked the lesson."

Prof. Louthan in Latin I. "Howard, write seven miles in Latin."

Howard: "Sorry Prof. I have enough paper."

Hilda B. in History class: "Prof. when was the war of 1812?"

Raleigh S., describing scene: "The Sea was as red as indigo."

Miss Myers in Eng. II. "I can't see why some women allow men to make dish rags out of them."

Shrey Lee: "Neither can I, but it would be a good thing if some men could make dish washers out of some women."

Mildred B: "Yes, and it would be a good thing if some women could make dish buyers out of some men."

Prof Louthan to Carrison B: "In what line is your thinking good?"

Carrison B: "Agriculture."

Prof. L: "Well then you ought to know beans."

Opie Hill: "When I die I want to be burried in the fire place."

Miss Myers: "Why?"

Opie H: "So my ashes will mingle among those of the grate (great)."

Prof. Garrison: "Who gathers the rubber in Brazil?"

Lizzie Campbell: "The Brazilian Nuts."

Roy D: "Should a boy make love before twenty?"

Vida: "No, (to large a crowd.)"

O. S: "What makes the tower of Pisa lean?"

Tats: "I'm sure I don't know but when you find out for goodness sake tell me."

Frankie, to Mary, (when on basket ball trip): "Which end of car shall we get off?"

Mary: "It doesn't make any difference, both ends stop."

Miss Smith and Beulah Shumate had drifted unawares into a heated argument, as to whether it were possible, that some day visitations would be made to nearest planets by means of inventions of man. Beulah argued persistently that it was possible. Miss Smith tiring of the argument, was
